Is there going to be a sequel to scary stories

Scary Stories to Tell in the Dark sets up a sequel, so what can fans expect from the next set of scary stories? Here's everything you need to know. Warning: SPOILERS for Scary Stories to Tell in the Dark. New horror movie Scary Stories to Tell in the Dark sets up a direct sequel, so what can fans expect? Directed by André Øvredal and co-produced by Guillermo del Toro, Scary Stories to Tell in the Dark is based on Alvin Schwartz's short story collection of the same name. Dan Hagerman and Kevin Hagerman adapted the original spooky tales for the big screen adaptation. Scary Stories to Tell in the Dark takes place in 1968. A group of Mill Valley, Pennsylvania teenagers band together against bullies on Halloween and end up exploring an infamous and seemingly vacant mansion. When Stella Nicholls (Zoe Colletti) finds a book written by Sarah Bellows, she's immersed into a tale of 19th century nightmares and real-life horror. Scary monsters compose new stories in Sarah's book, resulting in the disappearances of Stella's friends Auggie Hilderbrandt (Gabriel Rush) and Chuck Steinberg (Austin Zajur). Scary Stories to Tell in the Dark concludes with the Pale Lady and the Jangly Man wreaking havoc in Mill Valley, while Stella makes a compromise with Sarah's ghost. In Scary Stories to Tell in the Dark, Stella's final voiceover reveals her plans for the future. Here's what to expect for the probable sequel. Scary Stories To Tell In The Dark Sets Up A Sequel During Scary Stories to Tell in the Dark's climax, the jangly man attempts to kill Stella's new friend Ramon Morales (Michael Garza), who is revealed to be a draft dodger. At the local hospital, audio recordings reveal that Ephraim Bellows conducted experiments on his sister at that exact location during the late 19th century. Scary Stories to Tell in the Dark reaches its primary conflict, as Stella convinces Sarah that she was victimized and inadvertently turned in a monster full of rage. Stella writes a new story in blood, and states that she and Ruth Steinberg (Natalie Ganzhorn) will attempt to find Auggie and Chuck. Scary Stories to Tell in the Dark 2 will most likely be a direct continuation. Fans can expect the filmmakers to explore Stella's life as a young writer and social outcast, and Scary Stories to Tell in the Dark 2 will undoubtedly be about the search for Auggie and Chuck, with the monster subplots aligning with the already-established historical subtext. Scary Stories To Tell In The Dark 2 Release Date Scary Stories to Tell in the Dark 2 hasn't been green lit yet, and the likelihood of a sequel will depend on how the first movie performs at the box office. Scary Stories to Tell in the Dark grossed \$20.84 million in its opening weekend, which puts it on track to perform similarly to CBS Films' earlier horror movie, The Woman in Black. With a production budget of \$28 million, Scary Stories to Tell in the Dark is all but guaranteed to end up turning a profit, and it wouldn't be all surprising if a sequel was put into development soon. After all there's plenty more source material to draw from. Assuming that Scary Stories to Tell in the Dark 2 is fast-tracked, the sequel could begin filming in the first half of 2020 for a 2021 release date. IT Chapter Two will be released almost exactly two years after the first movie, and it would make sense for Scary Stories to Tell in the Dark 2 to take a similar approach, targeting a late summer 2021 release. Paramount is teaming with Entertainment One to make a sequel to Scary Stories to Tell in the Dark, the 2019 horror movie that scared up more than \$105 million worldwide. Much of the creative team is returning, with André Øvredal again set to direct and Dan Hageman and Kevin Hageman once again writing the script. Guillermo del Toro wrote the screen story. Scary Stories was made by eOne and CBS Films, but the latter division ceased operation when CBS merged with Paramount parent Viacom. Paramount, sensing more scares and blood could be culled from the tomes, decided to move on its inherited property. The 2019 pic adapted the short story collections by Alvin Schwartz. It only featured a handful of those stories, and with Schwartz's three collections, each containing 25 to 29 tales, there will be plenty from which to choose. Logline details are being kept under the covers. The Hagemans worked on The Lego Movie and The Lego Ninjago Movie and also worked with del Toro on the filmmaker's animated Netflix series Trollhunters: Tales of Arcadia. The duo recently signed on to adapt the 1980s video game Dragon's Lair for Ryan Reynolds and Netflix. Øvredal broke through with his 2011 Norwegian found-footage monster movie Trollhunter (no relation) and also directed the supernatural horror thriller The Autopsy of Jane Doe (2016) starring Emile Hirsch. Øvredal is repped by WME, Industry Entertainment and Hansen Jacobson. The Hagemans are repped by Underground and Hansen Jacobson. Sometimes Netflix helps give an older title new popularity and this has recently been the case for Scary Stories to Tell in the Dark, directed by André Øvredal and produced by Guillermo del Toro. It was released in the summer of 2019 but thanks to its addition on the platform, audiences have become curious regarding a potential sequel as of late. So, let's ask if Scary Stories to Tell in the Dark 2 has been confirmed... Scary Stories to Tell In the Dark dir. André Øvredal (Entertainment One)Is Scary Stories to Tell in the Dark 2 confirmed? A sequel to Scary Stories to Tell in the Dark was announced in late 2020, although there haven't been many updates since. Back in November 2020, Bloody Disgusting noted that Paramount and Entertainment One planned to collaborate on the second installment of Scary Stories, which may not come as a surprise to some. The movie is actually based on Alvin Schwartz's children's book series of the same name and there are plenty of creepy tales left to tell in future movies. With material there to adapt, it was perhaps a no-brainer to give a sequel the go-ahead. André is returning to the director's chair while Dan and Kevin Hageman are back to reprise screenwriting duties. It's been reported that the aforementioned Pan's Labyrinth director Guillermo will have a "story by" credit. Despite no release date being announced and little news since, perhaps we'll see the movie reach screens later this year.
